

Julia Bietsch, RN, BSN, MAS
Chief Nursing Officer, CVS Health &
Senior Vice President, Aetna Clinical Services

Julia Bietsch serves as the CVS Enterprise Chief Nursing Officer representing more than 14k nurses through the nurse council and various advocacy groups. She is also the Senior Vice President of Governmental Clinical Services where she is responsible for leading an organization of Care Management and Quality Operations colleagues delivering services to Medicare, Medicaid and Individual Family Plans populations.

As a registered nurse, Julie spent over 40 years collaboratively building and managing innovative population health models across Aetna, Anthem, and United Health as well as Evolent Health and Common Spirit Health System. She has had the pleasure of leading Utilization Management, Case/Disease Management, Quality Assurance, Contract Negotiations and Provider Networks. She is a strong patient advocate always working to enhance patient experience, outcomes and the ability to navigate safely through the complex health care system.

Julie received her RN Diploma from Jewish School of Nursing, Bachelor of Science in Nursing from Webster University and graduated from Johns Hopkins with a Master's degree in Population Health Management.
